

ASSET MANAGEMENT

Seelaus Asset Management, LLC FORM CRS – CUSTOMER RELATIONSHIP SUMMARY June 2023

Item 1. Introduction	Seelaus Asset Management, LLC ("Seelaus AM") is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals a Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.
Item 2. <u>Relationships</u> and Services	What investment services and advice can you provide me? We offer investment advisory services to retail investors, including high net worth individuals. We specialize in fixed income and equity portfolio management and ETF-based tactical asset allocation strategies. For eligible individuals, we also have private funds that incorporate some of these strategies. We also provide financial planning services.
	Monitoring Your account is reviewed at least on a quarterly basis and includes but is not limited to a review of the following factors: account performance, suitability of investments, trading and rebalancing activity, account cash flow, changes in client needs, and any standing instructions. Reviews may also be triggered by market events, rebalancing of securities positions, a change in your financial situation, or at your request. Clients are encouraged to communicate changes in their financial situation to us.
	Investment Authority Our firm typically accepts discretionary authority for clients, which means we have the authority to make investment decisions, decide the timing of transactions, and with whom transactions will be executed. You can also have us manage a non-discretionary account in which you would make the ultimate decision regarding the purchase and sale of investments. You may impose restrictions on investments in accounts we manage for you in your account. The only exception to this would be if you invested in one of our private funds. In this case investment decisions are made based off the fund's investment objectives, and restrictions by investors are not allowed.
	Account Minimums and Other Requirements Our firm generally does not have a minimum account opening requirement with the following two exceptions. GAISER, which is a passive automated advisory program comprised primarily of ETFs, requires a \$10,000 minimum. Additionally, if you invest in one of our private funds, each of those funds may have a minimum investment requirement.
	More Additional information about Seelaus AM services is available on Part 2 of our Form ADV, which is available at <u>https://adviserinfo.sec.gov/firm/summary/149582</u> .
	 Conversation Starters. Ask your financial professional— Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?
Item 3. <u>Fees, Costs,</u> <u>Conflicts, and</u> <u>Standard of</u> <u>Conduct</u>	 What fees will I pay? Seelaus AM typically charges clients an advisory fee that is based on the value of each client's assets under management. Fees are negotiable and generally range between 0.5% and 2.0% annually, depending on the size your accounts or the product in which you have invested. Fees are generally charged quarterly in advance, based on account values at the end of each prior quarter. Financial planning engagements are billed at \$300/hour or a fixed rate ranging from \$5,000 - \$7,000 depending on complexity. Eligible individuals may also pay performance-based fees if invested in one of our private funds. Additional information about our firm's fees are included in Items 5 and 6 of Part 2 of Form ADV, available at https://adviserinfo.sec.gov/firm/summary/149582.
	As we bill a fee on assets, the more assets that are in your retail advisory account, the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account.
